

Work is a way in which we can continue to participate in God's creation. Work gives dignity to life. Basic rights of workers must be respected.

Wednesday 7th October

The industrial Revolution improved Trowbridge

The Industrial Revolution was a time of great change. For example the Spinning Jenny - railways and new machines. The Spinning Jenny spins the wool.

Trowbridge was famous for the cloth industry. To begin with the making of cloth happened in people's houses.

Trowbridge's population exploded, and got richer by the year. Trowbridge brought new things so people also got richer.

Many people thought machines were taking their jobs. For example people lost jobs and started burning down mills, like Thomas Helliwell who got accused for burning down Littleton mill. People were also annoyed at the Spinning Jenny that could spin the wool.

The industrial Revolution did improve Trowbridge because people were going there because of trains and it became a larger and richer place.

I was impressed by the handle house which is a house with holes in

Card Carriers

up 16th December

What has it lost its true meaning?

a time to prepare and reflect for Jesus's coming. It is celebrate the Nativity but also look forward to coming again also Advent ~~comes~~ comes from Ad and Venire means towards the coming. As it says in Luke Chp 3 v4 jing to "make a straight path" for the Lord. This means don't be selfish and we ~~shouldn't~~ shouldn't build worry-problems. Advent has become a time where we are Christmas but are we really preparing ourselves?

people are focusing on the wrong things, for example spending money on things we don't need and being too busy maintaining to build the kingdom. In Luke chp 3 v5 is make everything perfect. This means we have to apply and respectfully. We can all do our part to make a reflective time.

We are definitely ~~bring~~ living out the words of a Baptist today. In Luke Chp 3 v11 we are told who have two shirts must give one away. This means we be selfish. Nicholas Lowinger created an organisation the homeless shoes so he is building the Kingdom. Ryan started Ryan's Recycling and has have collected 1000 bottles and cans. He is building the kingdom by the mountains we make. Bana Al-Abed is a peace and posted a book on twitter about refugees. She is the kingdom and she believes in peace like John the Baptist. By living out the gospel we come closer to God and more prepared for Jesus's second coming. Advent

lost its meaning. I think this because hardly anyone

as a special time but they don't have a time when they all get together. People do still reflect on the true meaning of Advent there are just not that many of them.
✓ A shame that this may be right!

⇒ Would you think that we can look to Hope so that we can be more together.
