## Keeping Your Children Safer Online - 26.03.26 - 7pm

### *A 90-minute investment for a lifetime of protection!*

The online world is a huge part of our children's lives — from gaming and social media to schoolwork and chatting with friends. For many parents, it can feel difficult to keep up.

To support our families, we are inviting parents and carers to join an **online “Keeping Your Children Safer Online” presentation** delivered by **Richard from The Stay Safe Initiative CIC**. More info (including link to join): <https://thestaysafeinitiative.org.uk/our-work/online-safety/keeping-children-safer-online/>

In this 90-minute Zoom session you will:

- Better understand your child's digital world
- Learn about the real risks young people can face online
- Discover simple, practical steps that help keep children safer
- Feel more confident guiding and supporting your child online

This session is **not about fear or blame** — it's about giving parents practical knowledge and confidence.

**Parents are the single most important influence on a child's online safety, and small changes can make a lasting difference.**
