

Year 3 & 4 - Home learning suggestions for Term 1

Journey to Gdansk -

Find out some facts about Gdansk to share with your class.

Where is it?

What is it famous for?

Have you been to Gdansk?

You could present your research in a poster or as a Powerpoint...have fun!

Stewardship and growing

This term in Catholic Social Teaching we are learning about the word stewardship.

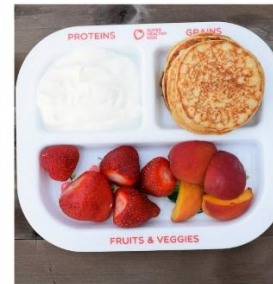

We are also learning about animals and living things in science. Could you do a talk or do a presentation how you look after your pet, or the wildlife, around your home?

Science – Nutrition and Diet

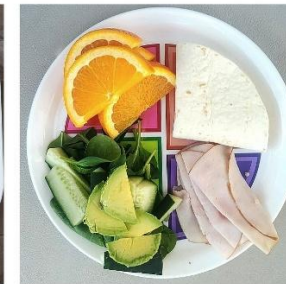

In Science, we are learning about the different food groups.

We would like you to design a menu for one day at the weekend for an active child in LKS2. You could present this in a creative way of your choice.

BREAKFAST

Protein: Greek Yogurt
Fruit: Strawberries & Peaches
Grains: Pancakes

LUNCH

Protein: Deli meat
Veggies: Cucumber, avocado, spinach
Fruit: Oranges
Grains: Tortilla
